Rugged Protection Meets Stylish Organization, Nite Ize Introduces Connect Wallet & Case for iPhone 6/6s

BOULDER, Colo., Jan. 6, 2016– An all-in-one solution for organizing everyday essentials, the Nite Ize® [Connect® Wallet and Case for iPhone® 6/6s](#) combines the Nite Ize protective, shatterproof Lexan® polycarbonate Connect Case with a sleek yet spacious folio wallet. Finally, rugged protection meets stylish organization.

This new folio wallet from Nite Ize has four compartments for cards and cash and features a durable TPU strap for a secure enclosure. This innovative strap will stretch generously while maintaining elasticity so the wallet can be trusted to safeguard extra cash from those big paydays.

The durable Connect Case is custom-fit for the iPhone 6/6s and showcases a slimline design that complements the device. With a versatile attachment system, the Connect Case can be easily unclipped from the folio wallet and used separately.

A Connect Clip is also included, so when the Connect Case is removed from the wallet it can be attached to a pocket or purse.

Available separately, the Connect Magnet Base Clip can be purchased to allow the Connect Case to integrate with the [Nite Ize Steele](#) ecosystem of device-mounting products -- excellent for mounting in vehicles or as surface stands for hands-free viewing.
